WALK & TAG PROGRAM

Let us take the stress out of keeping your property clear of nuisance vehicles.

E&R Towing's Walk & Tag Program offers a comprehensive solution for property owners and managers seeking to enforce parking rules and regulations.

Collaborating closely with property managers, we create a custom set of criteria for parked vehicles on their property. Our team walks the property to identify and tag vehicles in violation, providing clear documentation of the infractions. Failure to comply results in the towing of the vehicle, this ensures the property remains orderly and compliant.

This service not only **saves time for property managers** but also ensures a consistent and fair approach to parking enforcement.

WHY CHOOSE US?

E&R Towing is committed to being your preferred tow company in Chicago, Illinois, northern Indiana and the surrounding areas.

With the use of highly trained professionals, innovative equipment, and logistical technology; our mission is to make your inconvenient situation better by consistently fulfilling our brand promise to **redefine the towing experience**.
